We all need to believe that the welfare of each one of us is intimately connected to the welfare of all of us; that when one human being is weakened by exclusion, then we are all weaker.
It gives me great pleasure to welcome everyone to our 4th Gala Dinner and Charity Auction, which is being held at a time when communities and individuals across Asia need our encouragement and financial support as much as ever.

Like many people, I have been deeply moved by the scenes of devastation we have witnessed in Afghanistan, Bangladesh, Pakistan, Indonesia and other Asian nations. As a caring organization dedicated to bringing a brighter future to Asian communities in need, everyone connected with ROTA feels strongly the human suffering caused by natural disasters and human conflict. And in any emergency, children are always the first to suffer.

In just six years, ROTA staff, volunteers and partners have worked tirelessly to give many thousands of people and hundreds of communities across Asia and the Middle East the opportunity of a better, more positive future.

Internationally, our focus remains on education and social development across Asia, and we are proud to have helped communities in 10 countries whose educational facilities were destroyed by natural disasters or civil strife. Here in Qatar, ROTA was empowering Qatari youth to become ‘agents for change’ through leadership training, service clubs, workshops and conferences.

I want to conclude by personally welcoming you again to the 4th Reach Out To Asia Gala Dinner and thank you all for being here today to support the vision we all share: ensuring everyone’s human right to receive a quality education, today, tomorrow and forever.

Msheireb Properties is a real estate company and a subsidiary of Qatar Foundation. The company was established as a commercial venture to support the Foundation’s aims, as well as the goals of Qatar’s 2030 Vision.

Msheireb Properties’ mission is to change the way people think about urban living and improve their overall quality of life, through innovations that encourage social interaction, respect for culture, and greater care for the environment.

Her Highness Sheikha Moza bint Nasser established the company with a mandate to address a gap in the architectural history of Qatar and rediscover a unique form of Qatari urban development. Msheireb Properties aims to understand and implement how the best of the past, and modern, innovative technologies and thinking can blend to create a new architectural language in Qatar.

The company’s flagship development, Msheireb Downtown Doha, embodies this bold philosophy. It is the world’s first sustainable downtown regeneration project in a modern metropolis: the QR20 billion redevelopment of the historical centre of Doha, the Qatari capital. The 31-hectare site is a mixed-use development which will contain over 100 buildings with a combination of commercial and residential properties, retail, cultural and entertainment areas.

Construction work on the company’s signature project Msheireb Downtown Doha was initiated on January 13th, 2010, by His Highness Sheikh Hamad Bin Khalifa Al Thani, the Emir of Qatar, and Her Highness Sheikha Moza bint Nasser, who revived an age-old Qatari tradition by leaving her royal handprint on the cornerstone of the project, due to be completed by 2016.
